Fashion Designer

Parsons fashion graduate and Recipient of 2022 CFDA Scholarship Award. Highly creative, driven, and adaptable worker with a strong attention to detail. Experience working in fast-paced environments, interning for fashion weeks, and merchandising to a range of retailers. Proficient in Adobe Suite, Browzwear V-Stitcher, and Gerber Yunique PLM.

WORK EXPERIENCE

Pivot Apparel • **New York, NY** • **08/2025 - Present**

Product Development Assistant • **Full-time**

- Track and ensure timely submission of production and development submits, including counter samples, lab dips, strike offs, and bulk fabrics
- Assist the design team on submit approvals and act as a liaison to provide approvals and comments to factories
- Keep internal records of samples and submits up to date and organized
- Approve care labels for all categories and brands
- Use PLM systems daily
- Assist in product development across women's, men's, and children's categories

The Phluid Project • **New York, NY** • **06/2021 - 02/2025**

Design Development Co-Ordinator • **Full-time**

- Provided feedback regarding color, fit, and fabric for direct to consumer and wholesale collections.
- Facilitated inspiration, direction, and trend forecasting for seasonal direct to consumer and wholesale collections.
- Drove the development of four seasonal bestsellers and two all-time bestsellers within 9 months, leveraging trend forecasting and cross-functional teamwork.
- Led the execution of photo shoots, tracked sample orders and organized timelines and shipments to be on schedule to execute successful content for wholesale and direct to consumer partnerships.
- Assisted in developing new designs and market pathways. Supporting the creation of more than 10 market pathways and collaborations while with the company
- Streamlined the preparation of line sheets and fashion flats, improving efficiency and ensuring timely delivery to partners, which strengthened brand relationships.

Design Team • **Part-time**

- Supported the design team in creating and developing seasonal apparel collections
- Researched and identified trend directions; creating digital concept/mood boards
- Developed trend decks and digital concept boards that inspired seasonal collections, aligning designs with emerging market trends and customer preferences.
- Executed product designs and graphics for seasonal collections, ensuring timely delivery and alignment with brand vision, resulting in improved team efficiency.
- Styled models in Spring 2022 and Summer 2022 photoshoots
